The San Francisco Law Library Association was incorporated September 12, 1868. It has been prosperous from its commencement. Its membership has steadily increased so as to include, either as stockholders or subscribers, nearly all the Bar of San Francisco in active practice. This Catalogue—the first that has been printed—contains the titles of more than 26,000 volumes. The aim of the Catalogue is to be useful, rather than to furnish a complete copy of the title page or of the size of each volume. The books are classified:

1st. Text books, according to subjects.

2nd. Text books, according to authors.

3rd. Reports of the United States.

4th. Reports of other countries.

5th. Statutes of the United States.

6th. Statutes of other countries.
